

FOR PEACE AT WILSON'S PRICE

From Capitals Of Teutonic Allies Come Reports That They Want To Quit

Paris, Oct. 5.—The Austro-Hungarian minister at Stockholm has been charged to request the Swedish government to transmit to President Wilson a proposal to conclude immediately with him and his allies a general armistice and to start without delay negotiations for peace.

This announcement was made in a Berne dispatch to the Havas Agency.

The text of the proposal follows: "The Austro-Hungarian monarchy, which has made only defensive warfare and has borne witness several times to its desire to put an end to the bloodshed and conclude an honorable peace, proposes by presentation to President Wilson to

conclude immediately with him and his allies a general armistice, on sea, on land and in the air and to start without delay negotiations for peace.

"These negotiations will be based on the fourteen points in President Wilson's message of January 8, the four points of his speech of February 11, 1918, and those equally of September 27, 1918."

Amsterdam, Oct. 5. —The immediate suspension of hostilities has been proposed by the imperial German chancellor, Prince Maximilian, in the reichstag, according to the Berlin correspondent of the Tijd. The entente allies are to be asked to state their terms. The chancellor's proposal embraced also the dispatch of plenipotentiaries

to a neutral place to discuss the question of a league, for international arbitration and disarmament.

The plenipotentiaries are further empowered to discuss the creation of a federal Austria, the right of self determination for Russian frontier states, the restoration and indemnification of Belgium, autonomy for Alsace-Lorraine and the return of the German colonies.

The terms of the entente allies will be asked at the same time with the object of forming a basis for the consideration of these important questions.

Other advices say that the chancellor has not yet made the statement credited to him but that it was understood he would make such a proposal.

HELP US FINISH THE LAST LOAN

At the close of business on Friday night the total receipts in applications were \$721,000.00. The Liberty Bank yesterday did by far the largest business it has done. Without having tabulations that will enable us to know the exact amount, we are quite confident that the total of subscriptions from all sources at the close of business last night will be in the neighborhood of One Million Dollars. This we regard as rather hopeful. We have felt that if we were able to secure One Million during the first week that we could in all probability gather up the remaining million before the close of the campaign. We therefore again cordially thank those who came forward during the past week and gave us their subscriptions. Every member of our entire organization works without compensation and every single one of them is engaged in business for himself or is an employee for another. The loss of this time is a very considerable item, yet every one is perfectly willing to give as much time as may be necessary to render the services which the government requires. The people throughout the county whose duty it is to subscribe the limit for which we are striving cannot properly appreciate the sacrifice that is thus being made by their delay. If the Two Million mark had been subscribed in full by the close of business last night every member of our entire organization could have gone back to their respective posts of duty Monday morning, but as it is we must give our days and our nights as well over to this work without stint until the amount is subscribed and our duty is discharged. It is evident to us that the largest subscriptions have been received, there are very few out yet, of any very considerable amounts. We are made to appreciate as we now look over the list more than at any time heretofore that we have been too lenient in the assignment of individual quotas. We take this occasion to appeal to our fellow citizens throughout the county who are able to subscribe a larger sum than the quota assigned by us to do so, this would be a very appropriate discharge of a patriotic duty.

We feel the necessity of emphasizing also as we have frequently done heretofore the prompt placing of subscriptions of all sizes. We cannot afford to allow the campaign to lag, hundreds of cities and counties throughout the country finished their campaign in a single day, others in two or three days, and thousands the first week. We cannot believe the people of Lamar county are less patriotic than those of other sections. We have striven in every reasonable way to appeal to both their patriotism and their promptness, now we appeal also to their generosity as well. Since we have found it impossible to finish the campaign in one week may we not ask our friends to respond with such promptness and alacrity that we may reasonably hope to have our quota by next Saturday night. This kindness and thoughtfulness upon the part of the people who subscribe will materially aid us and for such kindness we assure them we will be deeply grateful.

Liberty Loan Committee.

CLAUD McHAM KILLS WOMAN AND HIMSELF

A double tragedy was enacted at 7 o'clock yesterday evening at the home of Lizzie Holloway, in the northwest part of town on Campbell street, in which Lula Coleman, a married woman between twenty-five and thirty years old, was killed by Claud McHam, who then turned the weapon on himself and blew his own brains out. The dead woman was the wife of Eddie Coleman, who lived at Hawthorth, Ok., where he was engaged in merchandising, but who was drafted in the army and is now at Camp Travis. She was the woman who was arrested with Lizzie Holloway by Sheriff Clarkson on the train Friday morning at Arthur City with six suitcases of whisky.

Claud McHam, who was about thirty years old and was unmarried and lived with his father southeast of town on the Jefferson road had been infatuated with her some time. While she and Lizzie Holloway were down town he went to the house in the evening and wrote a letter which he told a young married daughter of Mrs. Holloway he had addressed to his father, and that in it he had told him of some desperate things he was going to do. She said she begged him not to send his father the letter and that he told her to burn it that he was just kidding her.

Shortly afterward when the two women returned home and before they got in the room he opened fire on Lula Coleman and shot her several times. There were two wounds, either of which would have proved fatal, one in the left breast and the other over the left eye into the brain. A .32 caliber pistol loaded with Winchester cartridges was used. The woman fell in the hall and expired immediately. As soon as he began firing Lizzie Holloway and daughter fled from the house and left him alone with his victim. Neighbors counted six shots that were fired, after which all was still.

Sheriff Clarkson and the police were notified of the tragedy about the same time and when they entered the house they found the woman lying in the hall and found him in the northwest room west of the hall. He looked as if he had sat down on the floor and shot himself in the center of the forehead. After shooting himself he had tilted back and was leaning against the fireplace. He was still alive and groaning, but the brain was oozing out of the opening in the forehead. He was taken to St. Joseph's Infirmary, where he died at 9:15 o'clock. The woman's body was taken to Rodgers-Wade's and Sheriff Clarkson wired her husband at Camp Travis. Claud McHam had been drafted into the army several months ago and sent to Camp Travis, but he was turned down on physical examination and returned home.

The funeral of Claud McHam will take place at 3 o'clock this afternoon at the home of his father three miles southeast of town on the Jefferson road, conducted by Rev. W. B. Kendall.

With the British Army in France, Oct. 5. (P)—Wide gains of great importance have been made tonight by the fighting British armies. On the north the line of the Haute-Beule canal has been reached and the Germans are hurriedly evacuating Lille.

LOAN SUBSCRIPTIONS FOR FIRST WEEK HALF WHAT WAS REQUIRED

Washington, Oct. 5. (P)—Official reports of Liberty Loan subscriptions by banks up to the close of business last night and compiled late today by the treasury showed a total of \$1,097,511,650.

The Dallas district figures are \$19,074,050.

SHELL PLANT BLAST COST MILLIONS AND HALF HUNDRED LIVES

Perth Amboy, N. J., Oct. 5. (P)—Army officers investigating the explosion which wrecked the great shell plant of the T. A. Gillespie company at Morgan estimated tonight that the dead would number not more than 50 and the injured 150. The property loss probably will approximate between \$15,000,000 and \$20,000,000.

Late today it was believed all danger of greater devastation by the blowing up of the great stores of explosives was virtually over.

With the passing of the menace of an explosion around the plant the problem of caring for the homeless became serious. South Amboy, a town of about 10,000 population, four miles north of Morgan, was virtually wrecked by the series of blasts. Hardly a building in it remains habitable. Many were unroofed and the walls of others were blown out while every pane of glass was broken. More than 400 citizens decided to spend the night there, however.

The Red Cross has established headquarters at Perth Amboy. Ambulances from New York and Newark with corps of doctors and nurses have arrived to take charge of the situation.

MODERN HUNS WASTE COUNTRYSIDE JUST AS THEIR ANCESTORS DID

Modern Huns Waste. A P. With the British Army in France, Oct. 5. (P)—Great tongues of flames are shooting up today from the city of Douai and more fires have been started in Cambrai.

The Germans also have applied the torch to many villages in the Cambrai area.

As the flames and smoke rolled up from the ruined places they were accompanied by explosions in which the Germans blew up stores they were unable to save and which they did not wish to leave behind, fearing they would be used by the British to hasten the German retreat.

It is evident that the Germans were prompted solely by rage in applying the torch to many of the places to which they set fire. They are destroying towns of no military value.

HERE ARE SOME REASONS WHY HUNS WANT PEACE

(Associated Press Summary.)

A powerful movement apparently is under way in Germany for a general armistice and peace. The new German chancellor, Prince Maximilian of Baden, is reported to have proposed or to be on the eve of proposing a general suspension of hostilities but it is furthermore reported that the German chancellor has expressed a willingness to accept President Wilson's peace conditions.

And from Berne comes the announcement that Germany, Austria-Hungary and Turkey intend simultaneously to approach President Wilson with the object of having him make representations to the other entente allies for a general armistice and negotiations looking to peace.

American and French troops are crushing in the southern wall of the German defense with heavy blows along a front from West of Rheims to the Meuse.

In the north under the menace of the British pressure from Flanders to north of St. Quentin the enemy have set fire to Douai and other towns and villages in that area, evidently in preparation for a retirement to the French frontier. Heavy explosions also have been heard.

With the French covering the western outlet of the Grand Pre up through the Argonne forest the Americans in an advance of three miles between the Meuse and the Aire rivers are rapidly closing up the eastern entrance to the pass. General Pershing's men in smashing blows Saturday realized a considerable advance all along the front and took additional villages and heights from the Germans.

The enemy resistance was most stubborn as on this front the Germans are standing on the Kriemhilde line, the last of their prepared protectors.

The Americans are advancing toward Sedan and the great com-

INFLUENZA IN THE ARMY CAMPS SHOWS INCREASE IN CASES

Washington, Oct. 5. (P)—Spanish influenza increased more rapidly during the twenty-four hours ending today at noon than at any similar period since the disease became epidemic. Reports to the office of the surgeon general of the army showed 17,383 new cases in army camps.

The new cases represented an increase of 4,408 in comparison with the number reported for the preceding twenty-four hours period. A total of 2141 new pneumonia cases were reported, an increase of 287.

Deaths at camps total 653, an increase of 590.

FRENCH CAPTURE FORT, ANNEX ONE MASSIF, ENCRIRCLE ANOTHER

Paris, Oct. 5. (P)—Fort Brimont has been captured by the French troops the war office announces tonight. The massif of Moronvillers has been taken and the massif of has been taken and the massif of German retreat has quickened perceptibly.

NEW BULGARIAN KING BY FIRST SIGNATURE DISBANOS HIS ARMY

Amsterdam, Oct. 5. (P)—The first decree signed by King Boris was one demobilizing the Bulgarian army, according to a dispatch from Sofia.

Former King Ferdinand left Bulgaria last Friday night. Before signing his declaration of abdication he received the various party leaders who all expressed approval of his decision.

The Bulgarian premier offered his resignation to the new king who expressed his confidence in the cabinet and asked all the ministers to return to their portfolios.

VIENNA DECLARES TURKEY WILL STICK

Basel, Switzerland, Oct. 5. (P)—Denial that Turkey is about to seek a separate peace is made in a dispatch received here from Vienna which says that the attitude of Turkey towards the Central powers continues loyal.

AUSTRIAN PREMIER HAS QUIT THE DRIVE

London, Oct. 5. (P)—Baron Hussarek, the Austrian prime minister, has resigned, according to a dispatch from Zurich.

munication the upon which German superiority on the present front depends. The important railway is only 18 miles from the American front.

On both sides of the Suippe the Americans and French troops under General Gouraud rapidly are driving the Germans from the heights dominating the Champagne region east of Rheims.

The Germans are retiring to the river Aire but the Americans already have reached that stream at St. Etienne, Northwest of Rheims the French have forced several crossings on the Aisne canal, endangering the German rear in Champagne. A German retirement on a considerable front to a depth of at least five miles in Champagne is not unlikely as a result of the successes of Generals Gouraud and Berthelot.

From St. Quentin north to the Lys on the front before the important bases of Cambrai, Duai and Lille, the British are exerting strong pressure. The Germans are endeavoring to hold to these positions, until the work of devastation in the rear is completed. North of St. Quentin the British have driven further eastward the apex of the salient at Beaufort and on Saturday captured 1000 prisoners.

Three Allies of One Mind.

Paris, Oct. 5. (P)—Germany, Austria-Hungary and Turkey have resolved simultaneously to ask President Wilson to make representations in their interest for a general armistice and negotiate for a general peace, according to a Berne dispatch to the Havas Agency.

Burian Takes Wilson's Terms.

Amsterdam, Oct. 5. (P)—The new peace role of Baron Burian, Austro-Hungarian foreign minister, will declare that all of President Wilson's terms have been accepted, according to a Vienna dispatch to the Frankfort Zeitung. The note will be published immediately.

Logical Sequel Says Washington.

Washington, Oct. 5. (P)—An Austrian appeal for an armistice for discussion of peace on President Wilson's own terms is regarded here as the logical sequel of the President's recent summary rejection of the proposal that hostilities should be suspended for a secret and non-binding peace discussion.

What the American government's answer to such an appeal will be could not be indicated tonight.

German Chancellor Willing.

Stockholm, Oct. 5. (P)—Prince Maximilian of Baden, the new imperial German chancellor, is willing to accept President Wilson's Four Term peace conditions, according to a report received from Berlin by circles closely connected with the foreign office here.

William Robert Beckham has returned from Camp Cody, N. M., on unlimited furlough on account of bad feet.

LOCAL NEWS.

The Saturday crowd in Paris has often been spoken of as "a regular circus crowd," in order to give some idea of its size. Yesterday it was a sure enough circus crowd, being probably a record-breaker even for Saturday. Notwithstanding the size, however, things were unusually quiet about the courthouse and in police circles, there being an almost entire dearth of happenings. None of the officers did anything and only one marriage license was issued.

Four or five new cases of influenza developed in the county jail since Friday. They were all among negro prisoners. Previous to the new cases all that developed were among white prisoners.

T. H. Radford a farmer living near Sumner, has owned a pair of gray mules twenty-seven years, and one of them died a few days ago.

It is said that several bootlegging trips had been made to Monet, Mo., after supplies of whisky before Sheriff Clarkson made his big haul Friday morning, and that when Eddie Holloway et al were arrested some sleeping car tickets that had been bought by others were returned.

Rev. W. R. Davis, a Baptist minister, formerly of Lamar county, has recently moved from Calkville to Joliet, where he has accepted a call to the church for half his time. He was in Paris yesterday on his way home from Oklahoma, where he has just closed a revival meeting near Idabel. There were twenty conversions during the meeting and he administered the ordinance of baptism to all of them.

Mrs. P. C. Waits, living on Pine Bluff street, has received word that her nephew, Bob Alexander of Aleck, Ok., was killed in action in France September 16.

Elder Lee Garrett will preach at

the Church of Christ at Roxton today.

A twelve-year-old girl was before District Judge A. P. Dohoney yesterday morning for a hearing on an application for a writ of habeas corpus. She had been sent to the county farm by Judge T. L. Beauchamp on the charge of being a delinquent child. The charge had been pending for some time and no action had been taken on it. The habeas corpus proceeding was instituted by her father and asked that she be released on bond. The court ordered that she be released on a bond of \$300.

The Sixth District court will convene tomorrow morning with Judge Ben H. Denton presiding, and the grand jurors and everybody who has been summoned to be in attendance on the opening day is expected to be on hand.

The Santa Fe passenger train that came in at noon yesterday was loaded down with darkies returning from the Baptist association at Roxton.

Mrs. James Henry Wood was called to Denison last Thursday night by a message stating that her husband was ill with Spanish influenza. After reaching there she wired back the next day that it was just an old-fashioned case of the grip, and that his condition was improved.

An old resident of Paris who is familiar with the ways of colored people says that there isn't a negro woman in town who doesn't shut up her cabin after dinner on Saturday and spend the afternoon down on the streets meeting her friends from the country and mingling with the people of her color in response to a gregarious instinct that doesn't require the formality of an introduction.

Elder Gullentine, a Baptist preacher living near Idabel, Ok., had his suitcase containing all of his clothes stolen from his buggy while he was passing through Hugo.

Noble Thompson and W. J. Harris, Jr., who are attending the Texas Christian University at Fort Worth, are ill with influenza, but their condition is not serious. Mr. Thompson has gone over to see his son.

Roy Cass went to preaching at At-las a few nights ago in a buggy and somebody took the collar off his horse and carried it away. About two months ago his harness was cut.

Jim Smith, a faithful darky about

fifty years old, who had been employed by Dr. L. P. McCuiston around his home the past sixteen years, died yesterday. The funeral will be held at 3 o'clock this afternoon at the colored Baptist church near the oil mill. He was an honorable, upright darky, polite to everybody and was good to children. Dr. an dM's McCuiston esteemed him very highly and every white citizen who knew him liked him.

A farmer living near Jennings was held up at the point of a pistol by a negro woman, Clemmie Kennedy, from Dalals, at a cabin on West Sherman street at 3 o'clock yesterday afternoon and was relieved of his money. Officers Floyd and Brown happened to be in the neighborhood when the robbery occurred. They arrested the woman before she could get away and lodged her in jail.

by a decision in a suit which he brought at Cooper since his arrest. He and another young fellow named McIntire were arrested at Commerce in connection with the alleged theft. It was claimed that they sold the cotton at Ladonia. They were arrested by Constable Frank McFartridge of Roxton and Constable Hood Waller of Ben Franklin.

When they were arrested the money found on their persons was taken from them; it being claimed that it represented the cotton sold at Ladonia, and that they had no right to it. Constable McFartridge took charge of the money. Louis Hargrove brought suit against Sheriff C. H. Henson of Delta, county to recover the money, although he had not had anything to do with it. Judgment was rendered in favor of the defendant.

Two bunches of laborers left Paris yesterday evening and last night for Nashville, Tenn., and Mussel Shoals, Ala., to work on government munition plants. Those who left for Mussel Shoals were W. H. Presley, Ladonia; L. A. Jesse, Hugo; Floy S. Brooks, Paris; R. W. Attaway, Commerce; Elmer Murphy, Denison; J. P. Youngblood, Crisp; Ray Ferguson, Commerce; George Lawson, Wynnewood, Ok.; Ollie Brashear, Grand Saline; Shorty Williams, Hamlin; Edgar Swin, Powderly; Zory Upchurch, Paris. Those who left for Nashville were I. G. Pockrus and Walter Beckham, Paris; Paul Kirk, Paris; route 2; D. E. Skidmore and T. R. Ellington, Blossom; Tom French, Paris.

Mrs. Harriet Moody, the wife of T. J. Moody of Ben Franklin, died at 5:10 o'clock yesterday afternoon at the Sanitarium of cerebral paralysis. She had been in failing health for the past year and had spent some time at St. Joseph's Infirmary a few months ago. She was brought to the Sanitarium about two weeks ago for treatment. She was forty-four years old and is survived by her husband, a son and four daughters, the youngest of whom is thirteen. She is also survived by her mother, who lives at Ben Franklin, and by three brothers who live at Enloe. The remains will be taken to Ben Franklin this morning, and the funeral will be held at 2:30 o'clock tomorrow afternoon.

Recovered Bike by Vigilant Watching

Ben Poteet had a bicycle stolen from his home on Lamar avenue about six months ago, and ever since it was taken he has been watching every bicycle that he has seen a boy riding in the hope that he would recognize his lost wheel. His vigilance was finally rewarded yesterday by discovering it in the possession of a young negro boy who works for B. A. Adcock. He reported the matter to Sheriff Clarkson, who had the negro boy to come up to his office. On being questioned the negro claimed that he bought the bicycle from another negro boy.

Sheriff Clarkson told him that in order to exonerate himself he would have to produce the boy from whom he bought it. He went out and brought a third negro boy, who gave his name as Ernest Gibson. The latter admitted having sold him the wheel and claimed that he bought it from a white boy, but he said he

didn't know his name and had never seen him before. He was lodged in jail.

The Newest Millinery Modes

We receive the latest daily. New ideas are constantly being created and all of the most desirable are embodied in our showing. Hats from Cage, Fisk, Johnson, Knickerbocker creations and others are offered in such variety too that easy selection is assured no matter what your particular style tastes may be. A visit now will be of unusual interest.

Shapes, varying from the close-fitting turban to the big brimmed sailors are in vogue for present wear. It is impossible to make a selection which is not absolutely correct in style. Such practical, wearable models too, that you'll certainly be delighted with them. You'll be disappointed in your hat purchase if you fail to see our display before buying.

THE "LIDS FOR KIDS"

A range of styles and materials in childrens hats that assures satisfactory selections here.

Choose Your Corset With Care

When you consider that daily comfort and perfect health are aided or hindered by the corset you wear, the question of a proper style becomes an important one. Your corset may also make or mar the appearance of your costume, and the necessity for careful choosing is again apparent. We ask your consideration of the Modart, Frolaset and American Lady corsets, front and back lace, they will meet your requirements, because they are scientifically constructed along hygienic lines and are made in so many models that every type of figure is provided for. A complete range of the newest fall styles await your choosing. Come in and be fitted right. An expert corsetiere in charge.

We invite your early inspection of this varied showing, and selections will be better now while stocks are complete. A price range to please all patrons.

Concert by Kelly Field Glee Club
In the interest of the Fourth Liberty Loan, the Kelly Field Glee Club last evening gave one of the best concerts that Paris has ever been privileged to hear. The club, composed of thirty members, who hail from twenty-two different states, was in charge of Lieut. Samuel B. Jacobs, their musical director being David Griffin, post song-leader at Kelly Field.

The program opened with "The Battle Hymn of the Republic" (arranged by Christopher O'Hara). The next number was "La Marseillaise," unusually well sung, as was practically the whole program. The quartet of Kelly Field No. 1, (Corp. W. P. Tolbert of Texas, and Privts. Frederick R. Brown and H. C. Bismann of Penna., and George K. Dalacker of Ill.) gave "My Belgian Rose," and, as a much-applauded encore, "The Long, Long Trail." Corporal Tolbert next sang "The Dark-Town Strutter's Ball," with the proper vim, and followed it with an imitation of an Hawaiian steel guitar, for which, as he carefully explained to the audience, "guitar of the nose" was responsible.

Next came Nevin's "Mighty Lak" a Rose, "Pack Up Your Troubles," and the "Kelly Karol"—"Look at the Ears on Him," which literally brought down the house. The applause slackened, only to be renewed as the club sang "Dixie."

Mr. W. H. P. Anderson made a very forcible talk, urging the buying of Bonds, and introduced Mr. Smith of San Antonio, who spoke upon the same theme. The club further emphasized the plea by singing "Buy Bonds," after which Mr. Hardison spoke for the Loan. The song was repeated, and the audience asked to join in on the chorus, but it must be confessed that the response was not all that could have been desired.

Corporal George O. Rudy made a tremendous hit with "The Drum Major," and two encores, "Nothin' But Love," and "Three for Jack."

Several camp-songs came next: "Good Morning Mr. Zip, Zip, Zip," "K-K-Katy" (with a clever parody) and "Long Boy."

The finale was the national anthem, in which, as usual, the audience joined. The men were afterward given an informal reception at the Elks' Club, and cream and cakes were served.

Various diversions are planned for today to entertain the members, until their departure this afternoon.

Our specialty right now is good stoves, new or used, heaters and cookers. We can supply you with a stove at a saving in price.

ELABORATE MUSICAL COMEDY COMING TO THE GRAND THEATER

That this city is to be visited by Irving Berlin's famous international syncopated musical success, "Watch Your Step," should convey with the announcement so much genuine pleasure to our theater-goers that the Grand Theater should be crowded to its utmost capacity next Saturday, Oct. 12, matinee and night.

"Watch Your Step" is best described as one of the crispiest, snappiest and brightest musical comedies this country has had for several years. It is said to be superior to the majority of plays in that it makes its appeal with syncopated melodies and dancing, which never ceases from the opening until the final curtain. There is just a hint of the story in certain of the situations and these moments but heighten the effectiveness of the twenty odd musical numbers, so that the plot is almost forgotten in the rapid succession of the songs and dances.

There will be an entire new production for this tour including all new costumes which were designed by the celebrated Helen Dryden, who designs all the covers for "Vogue." Prominent in the carefully selected cast will be a large beauty chorus of thirty-four girls the like of whom are seldom seen off Broadway.

Matinee prices 50c, 75c, \$1, \$1.50.
Night prices 50c, 75c, \$1, \$1.50, \$2.
Seat sale opens Wednesday at the Palace Drug Store. Mail order now if accompanied by money order. Add 10 per cent war tax.

AN APPEAL TO THE HOUSEKEEPER

In the wise, business-like management of the affairs of the household, and, most important of all, the procuring of table supplies, there is or should be no laxity, the rigid practice of conservation. It is a real pleasure to deal with women who know how to judge good groceries—because that is our specialty. To supply as many homes in Paris and Lamar county as possible with staple and fancy groceries, produce, etc., is our main object in addressing to these housekeepers this invitation to entrust to us a greater portion of their October demands.

Our new cereals and canned goods—all of the highest standard quality—are now in stock, and we are confident we can please the most exacting. We are always pleased to have you visit our big store and make your own selections, when it is convenient. Open your October account with us now—our appreciation will be amply demonstrated.

FARMERS URGED TO PLANT WINTER WHEAT

Every farmer should plant some winter wheat in doing his bit toward helping win the war. Farmers who planted spring wheat not only made a fairly satisfactory yield, but experienced quite an advantage over those who depended upon the market for their supplies. There should be no difficulty in securing seed wheat. The Food Administration requires that a permit be issued before this seed can be purchased and these blanks can be had from the office of W. A. Collins, County Food Administrator of the county. Seed can be secured from many of the farmers in the county and by special arrangement the Paris Mill has provided some planting seed, and there is very little reason for failure on the part of the farmers to help themselves and help the government by planting at least a sufficient amount to furnish their own bread.

COTTON SEED SHOULD NOT BE USED AS FEED

County Administrator Collins wants to call the attention of the farmers of this county to the fact that, while there is no law to prohibit them from feeding cotton seed to their stock, they are working directly against the interest of the government by so doing and he is confident that when the farmers better understand the extent of the error they

are committing that they will sell their seed and feed hulls and meal. The feeding of cotton seed to live stock does not improve the condition of the animal above the improvement gained by the feeding of meal and hulls, but this practice causes the government to lose the benefit of the oil that could be pressed from the seed and the valuable linters that are used in making powder and munitions. The United States Food Administration has instructed Mr. Collins to bring this matter to the attention of the farmer and appeal to their patriotism, urging them to sell their seed and feed on hulls and

meal and while there may be no special advantage as far as price is concerned, they will be rendering their government a patriotic service.

Saves Hours
of Work
Limited
Allotment
at these Terms

The war has wrought a change not only in the foods that women cook, but in the way they live, think, and work.

War Service, knitting and Red Cross duties make more demands on every woman's time. She cannot afford to spend her precious hours clearing up a cluttered kitchen—and Hoosier Beauty ends that forever.

More than a million women use the Hoosier daily to prepare the meals. They sit down comfortably at their work—they are through in half the time. And when you consider how easy it is to own the Hoosier, you won't want to work another day without it.

Hoosier represents the most scientific arrangement, and hence saves the greatest amount of work and steps.

The maker has authorized us to deliver this labor-saving machine for only \$1—balance \$1 weekly. The Hoosier is unconditionally guaranteed—your money all back if you are not delighted.

Shortage of labor and shipping facilities make our allotment extremely limited. Come in at once and select your cabinet before all are taken.

Vital Features Exclusively Hoosier

The Partitionless Cupboard gives a third more work space and avoids clutter.

Hoosier's Glass Front Flour Bin always tells how much flour you have on hand.

Hoosier's Shaker Flour Sifter shakes out flour light and fluffy. Four times faster than sifters that grind.

Revolving Rack of Seven Glass Jars keeps contents airtight and germ-proof.

Two-Way Sugar Bin holds twice the average amount.

MEMBER OF THE INFANTRY T. AS PALLBEARERS

The remains of Ernest Rhoades, the son of Mr. and Mrs. W. H. Rhoades of Roxton, who died at Camp Dix, N. J., of pneumonia, did not arrive until yesterday at noon. The funeral was expected to have taken place Friday afternoon. It was announced last night that arrangements had been made for it to be held at 4:30 o'clock this afternoon. The service will be conducted at the Methodist church by Rev. A. F. Hendrix, the pastor, assisted by Rev. W. D. Mountcastle of Paris. The deceased was a volunteer member of company B 10th regiment of infantry which was recruited in Paris, and after enlisting he was drafted into the National Army and sent to Camp Dix. Six members of the infantry company will go down to the funeral to act as pallbearers.

DR. J. H. EUDY DIES WITH PNEUMONIA AT DEPORT

Dr. J. H. Eudy, a well known practicing young physician of Deport, died at his home at 8:15 o'clock last night of pneumonia after a brief illness. He was taken sick Tuesday night. He was thirty-three years old and was born and reared in Lamar county being the son of William Eudy, a well known farmer. He had been practicing his profession in Deport about six years. A wife and two little children survive him. The eldest child a boy four years old, was taken sick with pneumonia Friday night.

A message was received by relatives at Deport announcing the death of Quince Pearce, formerly of Lamar county, at Chickasha, Ok., which occurred yesterday morning and was caused by pneumonia. He was twenty-eight years old and had been married, but his wife died two months ago. He leaves two brothers, Henry and George Pierce, both of whom live at Deport. They left yesterday afternoon for Chickasha to attend the funeral.

Attendance of the surgical classes has been falling short during the summer months. Now that cool weather has come ladies will you not do your bit by giving a few hours each week to this work. Our boys need these bandages. Lamar Chapter has not so far failed in a single quota. If you do not respond to this call the work will fall heavy on the faithful few.

LIEUT. WARREN TEAGUE DIES AT CAMP MEADE, MD.

A message was received by relative, yesterday morning at Deport, announcing the death of Lieutenant Warren Teague of the United States army, which occurred Friday night at Camp Meade, Md., and was caused by influenza and pneumonia. He was a son of Dr. I. W. Teague, for many years a prominent physician of Deport. A message was received last Tuesday stating that he was critically ill, and his father fearing the worst became prostrated with grief and is reported very ill at present.

The deceased and his brother, Lawrence Teague, were graduated from an officers' training camp at the same time and received commissions as lieutenants. They were also both married after receiving their commissions the deceased taking as a bride Miss Bertha Norrell, a popular young lady of Deport. His wife and brother, Lieut. Lawrence Teague, were with him when he died. The remains will be brought home for burial.

We not only sell good furniture and stoves but we buy your used furniture of every sort, paying a good round cash price for everything.

MRS. EDWIN BOYERS DIED YESTERDAY

Mrs. Corinne Boyers, wife of A. E. Boyers, died at 4 o'clock yesterday afternoon at the family home, 493 Lamar avenue. The funeral will be held there at 5 o'clock this afternoon by Revs. Geo. French and B. E. Wallace, and burial will be at Evergreen cemetery. She had been ill with a chronic trouble for some time but her condition did not become serious until a few days ago.

Mrs. Boyers was 43 years of age and is survived by her husband and their two daughters, Misses Aline and Elizabeth, and her brother, Jesse G. Marshall. She was born in Paris and spent her life here, having married soon after graduating from the Paris high school. Thereafter she devoted herself to her family, her church and her friends, living the life of a devoted wife and mother well and faithfully those things which good women find to do. No more than this needs be said, no more can be said, for from the days of the prophets to the present time the most perfect work of God has been and is—a good woman.

We not only sell good furniture and stoves but we buy your used furniture of every sort, paying a good round cash price for everything.

FIVE SOLDIERS AT CAMP GORDON ARE SENT TO PRISON

Atlanta, Ga., Oct. 4. (AP)—Five Camp Gordon soldiers were Thursday sent to the federal prison here for ten years each, following approval of their conviction by court martial on charges of mutiny according to announcement from camp headquarters. The convicted men are Martin O'Donnell, Thomas J. Hayes, John E. Fitzpatrick, Lee B. Ward and Toney Serrico. The sentences also carry dishonorable discharge from the army.

Jacob Pattner, convicted of refusal to go overseas and fight against the Austrians was given ten years at hard labor at Fort Leavenworth and dishonorably discharged.

HOMEMADE BOOZE

BARRED IN SEATTLE

Seattle, Wash., Oct. 4.—Startled at reports reaching him from all parts of the city, United States Attorney Robert C. Saunders has issued a warning to drug and grocery stores in Seattle that a continuance of the sale of various compounds and preparations for use in alcoholic beverages will be met by drastic federal prosecution.

At the same time secret service operatives of the government began a comprehensive check of these and other stores to determine the amount of these materials now being sold ostensibly for compounding intoxicating liquor.

The federal prosecutor says that information is coming to him in a steady stream that a large number of Seattle drug and grocery stores are disposing of ginger, lemon extracts and other ingredients of homemade alcoholic drinks in huge quantities.

Government agents, it is said, have found these preparations are being used in violation of the federal prohibition and internal revenue laws.

Saunders also said he is prepared to act against certain patent medicines containing a high percentage of alcohol which, he declares, Seattle druggists now are selling in amounts justifying the belief they are being employed as beverages.

"It is my plan and purpose to make western Washington bone dry as a means of protecting our soldiers and sailors against bootlegging," Saunders said.

CONVICTED GERMAN

ACTIVISTS GIVEN

HEAVY SENTENCES

Trenton, N. J., Oct. 4. (AP)—Convicted of attempting to blow up the Gould & Eberhardt machinery plant, doing war work at Irvington, Dr. Frederick M. Bischoff, of that place, was sentenced in the federal court here today to 25 years in the Maryland penitentiary. A 15-year term was imposed upon William Henenmyer for complicity in the plot.

Upon conviction of distributing literature slandering Red Cross nurses Bischoff was given a ten years' sentence, to run concurrently, and his associate, Otto Reichel, a patent attorney of Newark, was sent to the penitentiary for eight years.

U. S. AVIATOR LANDS

IN GERMAN LINES

BUT MAKES ESCAPE

With the American Army Northwest of Verdun, Oct. 4. (AP)—With his airplane riddled by machine gun bullets and hemmed in by German machines, Aviator Ted Haight, of New York City, yesterday pretended to be out of commission and landed within the German lines. After hurriedly repairing his damaged machine he ascended and got back to his own lines successfully dodging the astonished Germans on the ground and in the air.

Children's Coats, an excellent line with great variety for choosing, price ranging from \$6.00 to \$30.00.

Aladdin Aluminum Is the Best

In offering the Aladdin Aluminum to our friends we feel we are doing them a service as well as making future business for ourselves, for we are sure that the buyer of Aladdin will be so well served and so thoroughly pleased that each will return to this store for future needs in any line that we may offer for sale, especially in housekeeping goods.

Briefly, the Aladdin is an all-aluminum ware, made in the shapes and sizes that experience has shown to be most useful and in demand, and MADE BETTER THAN ANY OTHER ALUMINUM WARE on the market. Close examination of a piece will reveal this.

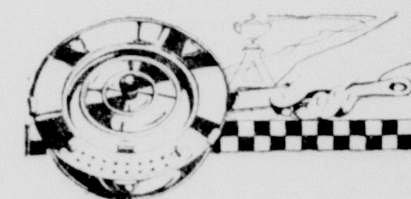

Take the handles—They are riveted on with three rivets so that nothing less than a hammer blow will take them off—they are hollow, so that they do not get hot.

See the Two
Handles and
Two Ventilators
on this Roaster

See the roaster—with TWO ventilators, one on the side, the other on the end. No matter how you put in the oven, ONE

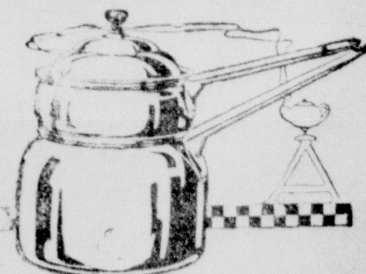

ventilator is always in front of you. Same way with handles, one on side, one on end, and roaster can be taken from oven either way.

Note Strainer
in Saucepan Lid

Notice the strainer lid. Saucepans can be ventilated as to steam and when article is cooked, surplus water can be poured out, as the lid clasps on to the pan.

This is one of
The Combinations
Made by Aladdin

Observe the combinations—here is one that makes a double boiler of a tea kettle and a deep sauce pan, either one available for use alone and the two in combination.

Aladdin starts at 50c for Measuring Cups, goes to \$6.75 for the Roaster. The line includes lip sauce pans, double boilers, Paris kettles, tea kettles, muffin pans, tea biscuit pans, and several combinations. Glad to show them to you any time.

21 WOLVES BAGGED IN ARKANSAS DRIVE

Glenwood, Ark., Oct. 4.—Twenty-one wolves, four wildcats and two catamounts have been killed since the big wolf drive hunt started. However, the hunting parties were still scattered in all directions over the Pike county highlands and the report has not been confirmed as to the exact number of wolves slain.

At the finish of the drive all participants will return to Caddo park and engage in a dance, barbecue and celebration.

Hunters here have proposed to hold a convention in Hot Springs this fall which hunters from twelve counties in Arkansas are expected to attend.

TRIES TO DIE SO SHE WON'T BE MURDERESS

Patterson, N. J., Oct. 4.—A bullet wound in the left breast of Miss Mary Bianchi, 19 years old, who was found in Westside Park, was self-inflicted, according to the police. A note found in her pocket read in part:

"Whoever finds this letter please notify my father. No one is to blame but myself. For two years I have been worrying myself to death but made people think I was happy. I knew well enough that some day I would commit a murder, so I want to die. Please don't tell my mother right away if I die."

At the hospital it was said she will live.

We Must Furnish the Spade" — Billy Sunday

By REV. WILLIAM A. SUNDAY

Uncle Sam's Liberty war chest needs filling again!

We have the cash to fill it as many times as he lifts the lid.

There are only two horns to this dilemma—you are either a patriot or a traitor.

The men on the firing line and on the battle-ships have turned from business, home, mother, wife, children, and they stand ready to give their lives and shield with their bodies us who remain at home.

We are unworthy to be thus protected, if we do not do our utmost to sustain them.

We must be one in our determination to win this war. We are traitors to the cause for which they are giving their lives, if we do things here that make their efforts harder.

Life is not worth living unless there is something to live for. *Life would not be worth living if that bunch of Heinies should win.*

That is why they cannot win. That is why we cannot lose.

What a mountain of crime God has on his books against that horde of Hellish Huns. What grave is deep enough for this thousand-armed, thousand-footed,

We will never stop until Germany dips her dirty blood-stained rag to the Stars and Stripes. It's a whale of a job we've tackled, but we can and must put it over. But you must help.

Don't whine. Don't knock. You can't saw wood with a hammer. Don't turn the hose on the fire; add fuel.

Sanitary Bills 4th Quarter
Now due—payable between the 1st and 10th. After the 10th you are delinquent and subject to arrest and fine. Pay it now.

To Meter Owners
Water bills show it if your meter is stopped. Water is too scarce to furnish it to anybody without measuring it. We have made notation on many bills to fix your meter—which have been ignored. This is to notify such patrons that according to ordinance they are liable to have service discontinued any time at option of superintendent. Fix your meter. Do it now. Last call.

AUTOS MUST SHOW PLAIN REAR LIGHTS
The highway law requires tail lights on all automobiles or motor vehicles when running on any road or street in Texas. Under instructions from the state to enforce this law the police have been calling attention of owners and operators where lights were not burning. This does not have the desired effect and notice is given that arrests will be made for violations of this law.

1,800,000 AMERICANS IN OVERSEAS ARMY

Washington, Oct. 4. (P)—American troops abroad now number 1,800,000, members of the house military committee were informed today at

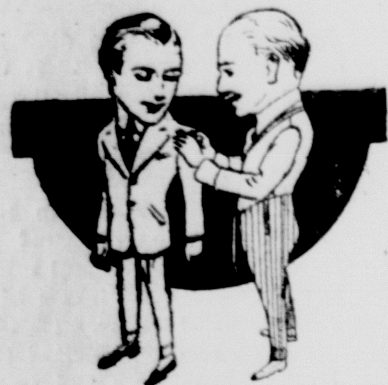

their weekly conference at the war department. Spanish influenza in camps and cantonments will retard shipments somewhat in the immediate future, they were told, the department having adopted the policy of not sending any men overseas who have been exposed or show symptoms of the disease.

No requests for the suspension of physical examinations of draft regis-

trants were received by Provost Marshal General Crowder today. It was said that except in localities where influenza conditions were particularly bad, the examinations would proceed.

The first large call for men in October, which would have taken 142,000 into cantonments on October 9, still remains suspended.

A Perfect Fitting Suit

A suit of this kind is an index to a man's character. If your clothes are ill-fitting people say you are careless. A well-fitting garment denotes a man of good taste.

Let us make you a suit or overcoat to your order now and when the cool days set in you will be prepared for them.

Music and Your Child

Next to love, good music is the most ennobling influence of the human race. Its effect upon children, its development of their character, the refinement and culture it brings is far more important than many parents realize.

No child is too young to feel its effects. From the cradle to maturity, and particularly through the period of adolescence the youth of our nation never should be without the constant home influence of good music.

It should be to them an essential part of home life; it should express to them the best that their home represents.

There is only one instrument that RE-CREATES music—that truly is every other instrument in one. It is

The NEW EDISON

"The Phonograph with a Soul"

Placed in your home it will bring to your children a love and a knowledge of all the best that music can offer. It will make home for them a better place; it will furnish them with amusement; it will instill in them a love for all that is best in life. Do not let your children go another day without it.

We should be pleased to let you hear The New Edison's RE-CREATION of music whenever you desire.

SIMPLIFIED SPELLING

If an S and an I and an O and a U
With an X at the end spell Su,
And an E and a Y and E spell I
Pray what is a speller to do?
Then if also an S and an I and a G
And H-E-D spell side,
There's nothing much for a speller to do
But to go and commit siouxeyesighed.

AUTO REPAIRING

THAT'S DONE RIGHT

We are in the auto repairing business on the right plan—to do work that will please the customer. Not only do we employ the best workmen but we give them all the tools and materials for doing good work.

For instance, we have installed a lathe on which we can make practically all parts needed. If the supply house happens to be out of stock there is no need to wait—we make it. On account of shortage in materials, preventing the carrying in stock of the usual large number of parts, this will be a real benefit.

In the near future we will have installed a welding machine that will do this difficult work quickly and well. We will be prepared to do welding for auto repairers, machine shops, ginners, etc. This is only one of the many new conveniences at

BOY'S TONGUE CUT OUT BY FIENDISH GERMANS

Syracuse, Mo., Oct. 4.—Elmber A. Richards, a private in the 23rd United States Engineers, writes as follows to his parents here from France:

"We Americans think we are sacrificing in this war, but if you could see the pathetic almost abject poverty, and at the same time the brave and heroic effort with which these people face the awful hardships for their liberty and honor you would feel as I do, that a people must suffer, sacrifice and give their all before they understand the love which binds the French people as one man to their country with cords of love that will die only when their hearts stop beating.

"Conquered the French people will never be so long as a French man or woman lives to hold aloft the flag which means more to them than life or riches.

"Today I saw an example of German 'kultur.' It was a French boy, 17 years old, on whom unspeakable deviltry had been practiced with a keen-edged knife. His tongue had been cut out and he had been subjected to an unspeakable operation. If this had not been enough to implant in his mind the German 'kultur,' the murder of his father and mother during the invasion of his home before his very eyes would have been sufficient."

TWO DUCKS KILLED BY TIRE BLOW-OUT

Kato, N. Y., Oct. 4.—Leigh Hampton donned his rubber boots and drove his automobile to Sweet creek to wash it. Arriving there he ran the car into the center of the stream. The water in the creek is low and only reached to the hubs of the wheels.

He had worked nearly ten minutes when two Indian Runner ducks belonging to Paul Minch swam down the creek and under the car. The ducks remained around the machine until Hampton finished washing it, he says, and when he was ready to depart he discovered the two ducks picking at the rear tire with their bills. Before he could drive them away the tire blew up and to his surprise killed both ducks.

Minch now wants pay for his 999 pennies in circulation, to their death through their own negligence and refuses to pay. Minch declares that he will start an action to recover. Trial of the case ought to bring out some interesting points of law.

PAIR'S REMARRIAGE DUE TO DRAFT REGISTRATION

Ontario, Cal., Oct. 4.—The registration of men up to 45 years of age was the cause of a unique marriage ceremony in which the parents of five children were for the second time united in wedlock after having lived together for seventeen years as man and wife. William Tillman, aged 43, was the groom and Mrs. Laura F. Belarde, aged 39 was the bride.

The couple had been known as Mr. and Mrs. Tillman for the entire time of their residence here. They were married years ago by a Spanish missionary, but took out no license to

wed. The draft and possible induction into the army was said to be the reason back of the strange remarriage here.

Mrs. Tillman or Belarde, as she gave the name on the license, is an American but her husband was a Spaniard. Tillman is a native of California. Besides the five children of the couple, Mrs. Belarde has two by the former marriage.

The couple will now begin a unique honeymoon, after seventeen years of married life.

GERMANS STILL CLAIM HOLD ON BULGARIA

Paris, Oct. 4. (P)—Emperor William sent a military mission to Sofia as soon as the situation there was

reported to him, according to the railways. Bulgarian deserters reached Neueste Nachrichten of Munich. This ed a point within six miles of Sofia mission, it is said, has placed German according to a Zurich dispatch to the and Austrian troops at Strategic Journal, but were driven back by points along the principal Bulgarian contingents.
